Cat. Nos 674 32/33

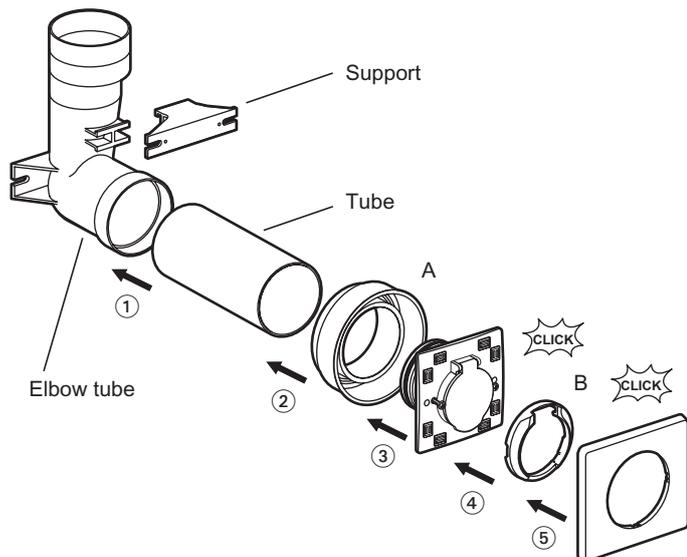

Cat. No. 674 39

# Céliane™ Centralised vacuum cleaning outlets with electrical contact

Cat No(s): 674 32/33/39

## 4. INSTALLATION

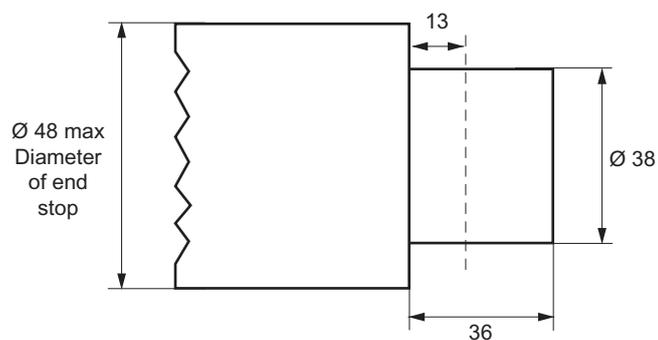

- 1 - Place the tube section in the elbow tube.
- 2 - Fit the ring A onto the tube.
- 3 - Fit the mechanism onto ring A and screw tight.
- 4 - Clip on ring B.
- 5 - Clip on the plate.

This installation outlet can be mounted on a peripheral wall, on a partition wall, or in a cupboard.

 To ensure product compatibility, pay attention to the diameter and length of the vacuum cleaner hose connector.
